

5.1.2021 - Trawlers Midwest, the Wisconsin tugs and trawlers dealer serving the Great Lakes Region for over 25 years, and Schwartz & Co. Yacht Sales, the Chicago-based boutique yacht sales and brokerage operation representing American Tug throughout the Great Lakes Region, finalized an agreement where Trawlers Midwest is now part of Schwartz & Co. Yacht Sales.

Ken & Karen Schuler started Trawlers Midwest in 1994 as the Great Lakes dealer for Nordic Tug. In 2000, Trawlers Midwest became the first Great Lakes dealer for American Tug. Over the Schuler's 28-year run with Trawlers Midwest, they represented such manufacturers as Nordic Tug, American Tug, Camano Marine, PDQ, Lagoon, Ranger Tug and Eco-Trawler. We want to honor their contribution to the maritime industry and to the tugs and trawlers community throughout the Great Lakes.

186 vessels sold in 28 years!

As the current representative for American Tug throughout the Great Lakes Region, Schwartz & Co. Yacht Sales will be better able to support its key customer demographic through this agreement. American Tug vessels are ideally suited to the needs and lifestyles of adventurous families and individuals seeking to explore all that the Great Lakes and Great Loop have to offer.
